

The Mission of The Giving Barn

The Giving Barn is a 501 (C)(3) Non-Profit Organization that provides support services, supplies, and aid to anyone in need - no questions asked. We assist people in all situations and seasons of life. We help build community, we give material items, but we also strive to provide hope, love and purpose to those we work with.

The Mission of Linsey's Place

The youth center was created to provide a safe space for the teens in our community to connect and grow. Our goal is to be a student led, adult-facilitated center that collaborates creatively to meet needs of the teens in our community. The "llama promise" is a personal commitment to love in action by being a voice, pen, and feet for each other; to be the change we want to see in the world.

The Basics of the Barn

- Dispel myths about poverty, diversity, mental health, and trauma by providing impactful education
- Remove barriers and connecting our families to the appropriate resources
- Engage with people from a place of acceptance and love
- Build foundational relationships and connections
- Implement an intentional and evolving lens of equity and inclusion to include the LGBTQ+, racial and socioeconomically diverse, and able-bodied individuals
